

Medical Laboratory Technology Science

Are you a detail and accuracy-oriented individual looking for a career in the health care sector? Become a Medical Laboratory Technologist by enrolling in this two and a half year program.

As a medical laboratory technologist, you will be part of a team of clinical health care professionals. In this program, you will learn to perform a variety of specialized tests using high-tech equipment that assists physicians in diagnosis, treatment and prevention of disease in patients.

What do I need?

- ⇒ High school graduation or equivalent
- ⇒ The following courses, completed with an average GPA of 3.0 (“B”) with no grade lower than a “C”:
 - ➔ Anatomy and Physiology 12, or BIO 050, or equivalent
 - ➔ Chemistry 12, or CHEM 050, or equivalent
 - ➔ English Studies 12, or English First Peoples 12, or ENGL 050, or ENGL 051, or equivalent
 - ➔ Foundations of Math 12, or equivalent
- ⇒ English Language Proficiency requirements. Candidates whose first language is not English must meet the English requirements and provide proof of English language proficiency through one of the following:
 - ➔ Test of English as a Foreign Language (TOEFL iBT) score of 88 with no section below 20, within the last two years, OR
 - ➔ International English Language Testing System-Academic (IELTS Academic) score of 6.5 overall with no band below 6.0, taken within the last two years, OR
 - ➔ Successful completion of six credits of post-secondary English studies at a recognized college or university in an English-speaking country.

See specific programs for more details on our website.
